

Got Fuel? Tips on Fuel Management

Accidents and incidents due to fuel mismanagement, fuel starvation, fuel exhaustion and improper and/or lack of fuel system maintenance still plague the General Aviation community. We will review pilot training, flight planning, proper fuel system preflight techniques as well as normal aircraft fuel system maintenance.

Directions: Meeting will be held in the Airport Terminal building, upstairs classroom.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
